CLOVER SIGNS 5 YEAR GLOBAL SUPPLY AGREEMENT WITH MAJOR MULTI-NATIONAL INFANT FORMULA COMPANY

Clover Corporation Limited and its subsidiary Nu-Mega Ingredients Pty Limited is pleased to announce that they have signed a further five year global supply agreement with a major multinational infant formula company to supply Hi-DHA tuna oil and microencapsulated Driphorm® powders. The Driphorm® powders provide a stable biodelivery system for marine and single cell nutritional oils.

This agreement continues a beneficial technical and commercial relationship of more than 10 years during which Nu-Mega has been a major supplier. For the past decade Nu-Mega has been at the forefront of providing innovative microencapsulated DHA ingredients for use in infant formula, medical foods and foods. The current agreement recognizes Nu-Mega's ongoing efforts in new product development and innovation.
