CLOVER RE-SIGNS 5 YEAR GLOBAL SUPPLY AGREEMENT WITH MAJOR MULTI-NATIONAL INFANT FORMULA COMPANY

Clover Corporation Limited and its subsidiary Nu-Mega Ingredients Pty Limited is pleased to announce that they have re-signed a five year global supply agreement with a major multinational infant formula company to supply microencapsulated Driphorm™ powders. This agreement continues a long term beneficial technical and commercial relationship during which Nu-Mega has been a major supplier. The Driphorm™ powders provide a stable biodelivery system for nutritionally important high DHA tuna oil.

For more than 15 years Nu-Mega has been at the forefront of providing innovative microencapsulated DHA ingredients for use in infant formula and foods. The current agreement recognizes Nu-Mega's ongoing efforts in new product development and innovation.
