Mr Peter R. Robinson	Non-Executive Director & Chairman
Dr Ian L. Brown	Managing Director - Executive
Ms Cheryl L. Hayman	Non-Executive Director
Dr Merilyn J. Sleigh	Non-Executive Director
Mr David E. Wills	Non-Executive Director

Review of Operations

Clover Corporation Limited ("Clover Corporation") has reported a profit after tax of \$2.66 million for the half year ended 31 January 2013 (2012: \$1.70 million) an increase of 56.6%.

The comparative period included a non recurring cost associated with the Future Food Ingredients Pty Ltd (FFI) joint venture of \$0.97 million. If this cost is excluded from the comparative period, profit after tax for the half year ended 31 January 2013 of \$2.66 million is in line with the level achieved last year.

Financial Highlights

- The business continued to display strong growth in sales during the first half of the financial year. Sales revenue increased to \$20.2 million (2012: \$17.9 million) an increase of 12.5%. Clover Corporation's main business activity, through its wholly owned subsidiary Nu-Mega Ingredients Pty Ltd, is the development, manufacture and sale of internationally competitive, high quality, nutritional ingredients, utilizing Clover's proprietary biodelivery systems. The ingredients primarily incorporate oils containing omega-3 and/or omega-6 fatty acids and refined omega-3 containing tuna oil which is especially high in the beneficial fatty acid DHA. All Clover Corporation products are supported by superior customer support and service.
- The gross profit percentage has fallen in line with budget expectation. This reduction was, in the main, the result of a change in the sales mix following a review of manufacturing practices by some of our customers. The impact of this change on profitability has been partially addressed by increased sales volume of current products, reduced cost of manufacturing inputs and the control of operational expenditure.
- Cash generated from operations during the period was \$2.59 million. The cash position was also aided by the return of \$300,000 from the sale of the assets from the Future Food Ingredients Pty Ltd joint venture. The cash generated from operations was used to fund the 2012 final dividend of 1.75 cents per share, \$2.89 million.

Operational Highlights

• Sales revenue was positively affected in the Oceania region by changes, actual and pending, to bilateral tariff reductions associated with infant formula exports from New Zealand and Australia to China, along with market success by our customers in the region.

DIRECTORS' REPORT continued

- Clover Corporation develops and maintains strong mutually beneficial relationships with its customers based on proprietary technology, excellent product quality, focused support and innovation. This approach has led to a 5 year supply agreement being re-signed with a major multi-national infant formula manufacturer to which Nu-Mega Ingredients has been a supplier for many years.
- Clover Corporation continues to invest in the future development of its business through innovations related to new encapsulated powders and emulsified liquid nutritional products for targeted specialty applications and medical foods. Research and Development expenditure increased by 13.6% to \$796,000 (2012: \$701,000) during the period to support the expansion of the innovation pipeline. Extensive evaluation by customers of several new products is likely to lead to initial sales in 2013.
- The Phase 3 clinical study evaluating Clover Corporation's proprietary preterm infant formulation continues on time with preliminary results expected by the end of 2014. The development and refinement of the business and regulatory plan for this project is being undertaken in parallel with the clinical program.
- Clover Corporation continues to develop its business, including a continued focus on high quality raw materials, ensuring the required manufacturing systems and skills are available, and exploring opportunities to expand the business in relation to technology, products and markets.

The company expects to continue to have strong demand for its products in the second half of the financial year.

After careful consideration of the company's short term cash requirements, the Board has decided to declare a fully franked interim dividend of 0.5 cents per share in respect of the financial year ending 31 July 2013.

1. Significant accounting policies

Basis of preparation

The interim condensed consolidated financial statements of Clover Corporation Limited and its controlled entities ('the Company') for the half-year ended 31 January 2013 have been prepared in accordance with the requirements of Australian Accounting Standard AASB 134 Interim Financial Reporting. The Financial Statements were authorised for issue in accordance with a resolution of the directors on 20 March 2013.

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the group's annual financial statements as at 31 July 2012, and any public announcements made by the Company during the half-year in accordance with the continuous disclosure requirements of the ASX listing rules.

The Company has applied the relief available to it in ASIC Class Order 98/0100 and accordingly amounts in the financial statements and the directors' report have been rounded off to the nearest thousand Australian dollars, unless otherwise stated.

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Company's annual financial statements for the year ended 31 July 2012, unless otherwise stated.

DIRECTORS' DECLARATION

In accordance with a resolution of the directors of Clover Corporation Limited, I state that:

In the opinion of the directors:

- (a) the financial statements and notes of the consolidated entity as set out in this financial report:
 - 1. give a true and fair view of the consolidated entity's financial position as at 31 January 2013 and of its performance for the half year ended on that date; and
 - 2. comply with Accounting Standard AASB134 Interim Financial Reporting and the Corporations Act 2001; and
- (b) there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Directors.

Independent Auditor's Review Report to the Members of Clover Corporation Limited

Report on the Condensed Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Clover Corporation Limited (the consolidated entity) which comprises the statement of financial position as at 31 January 2013 and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the halfyear end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal controls as the directors determine are necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 31 January 2013 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Clover Corporation Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001. We have given to the directors of Clover Corporation Limited a written auditor's independence declaration, a copy of which is included in the directors' report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Clover Corporation Limited is not in accordance with the Corporations Act 2001 including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 January 2013 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001
